

ESTIMATED COMPLETION SUMMER 2026

Road Work Is Underway on South Fifth Street

PCX Construction is working on the South Fifth Street Reconstruction project for the City of St. Charles.

This page provides information for residents, businesses, and drivers about the South Fifth Street Reconstruction project.

Project Area:

South Fifth Street from San Juan Drive to Fairgrounds Road

The project includes roadway, sidewalk, shared-use path, accessibility, and utility-related improvements.

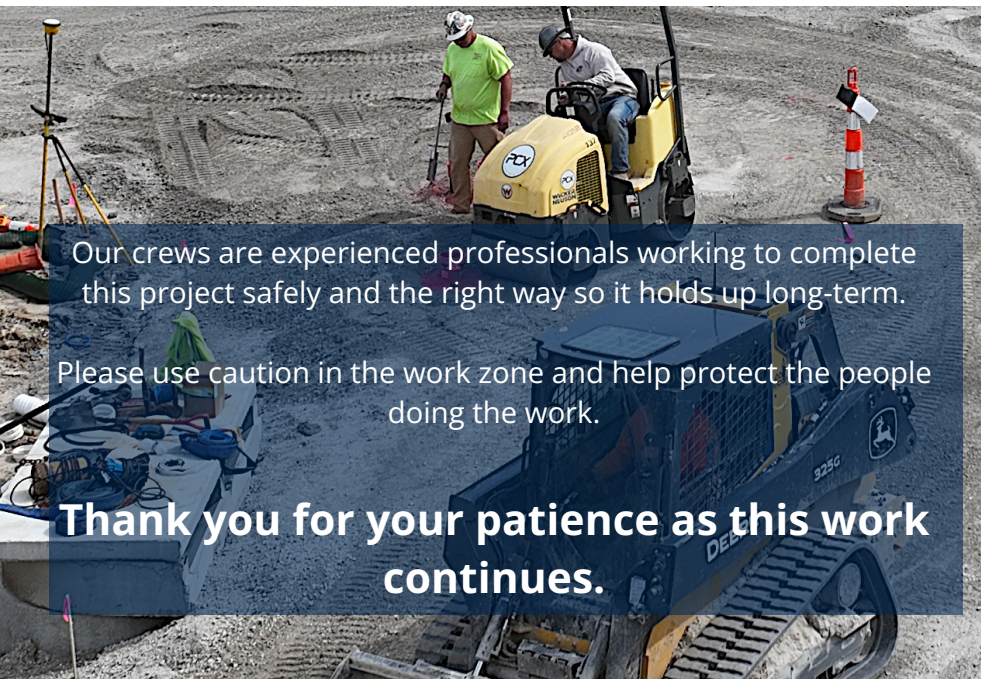

Work is being completed in phases along this corridor.

What to Expect

- During construction, you may see:
- Lane closures and shifting traffic patterns
- Temporary delays, especially during peak travel times
- Construction crews and equipment in the area
- Periodic driveway or property access impacts
- Traffic will be maintained through the work zone, but conditions may change as construction progresses.

Help Keep the Area Safe

- Allow extra travel time
- Follow posted signs and traffic control
- Use caution near crews and equipment
- Use alternate routes when possible

Our crews are experienced professionals working to complete this project safely and the right way so it holds up long-term.

Please use caution in the work zone and help protect the people doing the work.

Thank you for your patience as this work continues.

Questions or Concerns?
